

IBA to Present at the Jefferies 2015 Global Healthcare Conference

Louvain-la-Neuve, Belgium, June 1st, 2015 - IBA (Ion Beam Applications S.A.), the world's leading provider of proton therapy solutions for the treatment of cancer, announces that Chief Financial Officer Jean-Marc Bothy is scheduled to present at the Jefferies 2015 Global Healthcare Conference today, at 4:00 pm ET in New York City.

A live webcast of the presentation can be accessed by visiting the Investors section of IBA's website at www.iba-worldwide.com. A replay of the webcast will be archived on the Company's website following the presentation.

About IBA

IBA (Ion Beam Applications S.A.) is a global medical technology company focused on bringing integrated and innovative solutions for the diagnosis and treatment of cancer. The Company is the worldwide technology leader in the field of proton therapy, the most advanced form of radiation therapy available today. IBA's proton therapy solutions are flexible and adaptable, allowing customers to choose from universal full-scale proton therapy centers as well as compact, single room systems. In addition, IBA also has a radiation dosimetry business and develops particle accelerators for the medical world and industry.

Headquartered in Belgium and employing about 1100 people worldwide, IBA has installed systems across the world, from Europe and the US and to the emerging markets. IBA is listed on the pan-European stock exchange EURONEXT. (IBA: Reuters IBAB.BR and Bloomberg IBAB.BB) and more information can be found at: www.iba-worldwide.com
